

Why visit our booth?

Expert Consultation: Our team of experts will be on hand to discuss your needs in digital printing, screen printing, coating, and textile finishing.

Custom Solutions: Discover tailored solutions that cater to your unique production requirements.

Innovative Technology: Learn about our pioneering advancements in textile and carpet printing systems.

ZIMMER AUSTRIA has been a pioneer in the textile machinery industry, having been the first to introduce both rotary screen printers and digital printing systems. As we stand among the oldest in this sector, our mission has always been to drive innovation and to support our clients' success stories through lasting partnerships.

Special Anniversary Celebrations

2024 marks a milestone year for us. We are honoured to share this journey with you – our partners and clients, many of whom have been part of the ZIMMER family for generations. We're dedicated to continuing these relationships and forging new ones as we move forward.

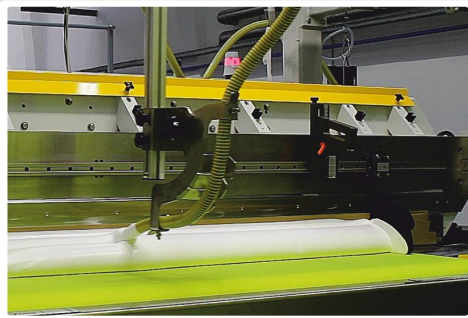

Spotlight on Technical Textiles

At Techtextil, we will highlight the critical role of technical textiles in today's industries—from medical and automotive applications to sports and outdoor fabrics. Discover how our expertise and state-of-the-art technology can enhance your production
