

First 4m wide printer for 100% polyester carpet

ZIMMER AUSTRIA | Digital Printing Systems installed the first 4 m wide printer for **100% polyester carpet**.

100 % Polyester Carpet

The **12 process color CHROMOJET** is operated with 76x38 dpi and runs with about 3 meter per minute. To minimize dye pick up at maximum penetration a **SUPRAPRESS** penetration unit is used.

Fixation, washing and drying is done online.
